U.S. EXPORTS OF BREEDING SWINE IN CALENDAR 1974

USDA veterinary inspection export certificates for swine placed 1974 export totals at 14,421 head, compared with 6,306 head in 1973 and 10,754 in 1972. The increase is attributed primarily to larger exports to Mexico, the Republic of China (Taiwan), the Philippines, the Dominican Republic, the Republic of Korea, and Venezuela. Other countries which increased in 1974, as compared with 1973, included Japan, Malaysia, Romania, and Italy.

Mexico ranked first in importance as an export outlet in 1974, taking 5,876 head compared with only 1,912 in 1973. The Republic of China ranked second, with 1,620 head in 1974 compared with only 169 in 1973. The Philippines was third, with 832 head in 1974 compared with only 12 in 1973.

Yorkshire swine was No. 1 export breed in 1974, with 4,873 head compared with only 1,883 head in 1973. Duroc swine dropped to second place with 4,020 head, and Hampshire animals ranked third with 2,406 head. In 1973, Duroc exports had totaled only 2,139 head and Hampshire 1,151 head.

During 1974, U.S. breeding swine were exported from 35 states to 28 foreign countries. Illinois was the leading State with 3,223 animals, and Texas was a close second with 3,055 head. Iowa ranked third with 1,482, Missouri fourth with 1,297, and Nebraska fifth with 1,236 head.
